

Dear Mr. van Os, I just heard your grandfather is very ill. I know how this feels, my grandmother died from cancer about 4 years ago. I had a very difficult time processing it but I'm over it now. The watch I'm wearing every day was a present I got from her when she almost died. And I think you should try and make as many memories with him as you can and buy something nice for yourself just like this watch I have right now. Every morning I think about my grandmom and I think that it's very nice to have such a memory. Try having good times so you don't lose him while you still want to do things with him. All I want to say is that I wish you a merry Christmas and a lot of luck and happiness together with your family.

Best wishes, \_\_\_\_\_ ☺

PS: You're doing a great job teaching us, and I hope I will get some better marks from now on!
